1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-12 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Martin.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following are cited to show the art with respect to methods of displaying graphics on containers using planar coverings with distorted images that appear normal after shrink wrapping the covering on an object: Barnes, Jr et al., Geist et al., and Jean et al.
